Indian Small Business Economic Enterprise (ISBEE)

ABOUT US

KOMAN Construction, LLC is an ANC general contractor dedicated to safely building quality projects while consistently satisfying client expectations. As a wholly owned subsidiary of the Natives of Kodiak, Inc. (NOK), an Alaska Native Corporation (ANC), and together with our sister subsidiaries, we provide a wide range of services, making KOMAN a “one-stop shop.”

As an ANC 8(a), we can undertake your project via direct award, a process that can be a cost-effective and an operationally efficient alternative to competitive acquisition. Direct awards to ANC 8(a) participants generally cannot be protested, which may save a contracting officer weeks of uncertainty before the project start up.

Our internal PMO training division supports staff development in everything from USACE processes, three-phase quality control, RMS, and scheduling as well as a multitude of additional critical training needs. Our experienced team adheres to federal contract responsibilities, including certified payroll, contract reporting, and data security practices and policies.
