Primary NAICS: 237990
Business Type: SDB, SBA 8(a), ANC-Owned, Indian Small Business Economic Enterprise (ISBEE)

A member of the KOMAN Family of Companies.

KOMAN Infrastructure, LLC (KI), is an SBA 8(a) self-certified small disadvantaged business, ANC-owned general contractor committed to the safe and quality construction of projects for the Department of Energy (DOE) and other Federal agencies. KI is part of the KOMAN Family of Companies, ultimately owned by Natives of Kodiak, Inc.

Tapping the strength of the KOMAN Family of Companies, KI brings an extensive resume of construction management. Our personnel and teaming partners have completed over 100 successful projects across CONUS, for multiple federal agencies. KI's GM provides proven capabilities managing complex construction projects specifically for DOE, NNSA, and USACE, as well as other Federal agencies.

Our senior construction management personnel complement this with experience safely and successfully executing construction projects valued from $1 million to $25 million. This experience encompasses unique expertise such as refurbishment of a roof on a significant historic facility for the Manhattan Project, while maintaining security and safety, working next to and above a high security operation. KI personnel have also managed a major return and supply duct refurbishment within a secure perimeter, which required erection of a large scaffolding system to conduct the work. KI's philosophy is to collaborate with our government partners from inception through delivery. KI has the expertise for a successful construction project whether your needs are large or small.

The KOMAN Family of Companies

The KOMAN Family of Companies delivers environmental, construction, and professional services nationwide, backed by the strength and heritage of Natives of Kodiak, Inc., an Alaska Native Corporation (ANC) headquartered in Kodiak and Anchorage. Through our subsidiaries, KOMAN supports federal, state, and commercial clients across the U.S. with solutions built on technical expertise, reliability, and a commitment to long term partnership. Together, we provide integrated, mission ready capabilities that span environmental remediation, construction execution, and specialized services tailored to align to complex agency requirements.

Alaska Native Corporation Contracting Benefits

KOMAN Business Advantage

• ANCs are deemed to be socially and economically disadvantaged [13 CFR 124.109(a)(2)].
• ANCs are exempt from the competitive threshold [13 CFR 124.506 (b); FAR 19.805-1 (b)(2)].
• There is no restriction on the size of 8(a) “sole-source” awards to ANC-owned 8(a) program participants. A contracting officer who wants to make a sole-source award with a Total Contract Value in excess of $100M for DoD ($25M for civilian agencies) must submit a formal Justification & Authorization (J&A) in accordance with Agency SOPs [13 CFR 124.506(b)(5); 13 CFR 124.502(b)(3)(c)(17)].
• Sole source awards made to 8(a) firms cannot be protested per 13 CFR 124.517(a)(b). ANC 8(a) companies eligible for a sole source or competitive 8(a) requirement may not be challenged by another participant or any other party, either to SBA or any administrative forum as part of a bid or other contract protest.

Past Performance

• As an ANC 8(a), KOMAN may claim the past performance of key management personnel and sister companies during the evaluation period of an award per FAR 15.305(a)(2)(iii).

8(a) Subcontracting

• Because 8(a) companies may subcontract portions of the work to other firms, KOMAN is able to assemble a perfect team for any particular project with other qualified companies.

Indian Incentive Program

• DoD contractors who offer subcontracts to ANC firms receive a rebate of 5% of total value of the subcontract as an incentive per Section 504 of the Indian Financing Act of 1974 (25 U.S.C. § 1544).
